“ Going to miss Stan-he was a favorite uncle. He won me the Toronto area science fair in grade 8 by “helping ” me build an amazing working wind flume- we used a blower motor from one of his Volkswagens. He used to give me the coolest stuff no other kid had – like magnets that were super strong....Mike Smith

What a loss he was always a great family guy and friend helping with the fishing contest and being a great carpenter ... Sean Murphy

Sad news. Such a creative guy. He will be missed...Maureen Wideman

OH this is so sad. I really loved him. Sending love to all with tears in my eyes. xo... Maria Murphy

Could not help but admire Stan & Mary...John Rowan

“ Last fall Stan decided he had to get out for while. He took his portable oxygen bottle and got on his electric scooter, which had not been used for quite some time. He headed for the Sears in the mall on Steeles. The machine quit at the far end of his street and two neighbours, men he'd never met, pushed him all the way home. He called the scooter store and ordered a new one delivered. When it arrived he left again for the mall. He drove up and down every aisle at Sears. He was gone so long Mary said she thought about calling the police.

This memory was shared by Connel Smith via Mike Smith.

“ Stan and Mary had a very difficult time over Stan's last few months due to his declining health, however he passed on very peacefully during the night, with his family beside him. Stan has made many friends over the years and they will all miss him greatly. Jack and Lenore
