“ *Dear Sue, Enzo and Family, I am so sorry to hear about our friend Stewie. Words could never bring enough comfort but know his memory lives in all of us whose lives he touched. What I remember most about Stewart is his spit fire personality, his big laugh, smiling eyes. He was never afraid to let people know how he was feeling and I admired that about him the most. My thoughts and prayers are with you all during this difficult time xo*

“ *Dear Sue, Enzo, and Girls,*

*I am so sad to hear about our buddy Stewart. I was just sharing with my family some of my memories of Stewie when I worked in Jenn's class with him. I think it is his smile and beautiful blue eyes I will remember the most. I have been thinking of you and know how much we will all miss such a great guy. Take care. Love Karen*

“ I was deeply saddened to hear about Stewart's passing. I have many fond memories of his mischievous smile and his silly sense of humour during his time with us at Courtice North. His face was always full of joy and he gave us many moments of laughter in the class. Stewart reminded us all that a smile and touch of a hand was worth much more than a thousand words. I will forever remember his gorgeous smile and his joy at being with those around him. To Sue, Enzo and the girls, my deepest sympathies. Thank you for sharing Stewart with us.

Sincerely,

“ I was sad to her about Stewart's passing. I was blessed to work with Stewie for a couple of years. He was always smiling and looking for some type of mischief to get into. I remember when he would wheel his wheelchair quietly behind staff members and grab them, he thought it was pretty funny. He and I would also have "sword fights" (with foam swords). We would both "fight" then he would throw the sword down and then we would shake hands... then start all over again. He would also decide that he wanted other people's lunches and not his own, so we had to put something from his lunch in ours so he thought he was getting ours. So many good memories of this amazing young man, playing soccer, cruising the hallways in his walker and enjoying music time. I miss walking into the room and seeing his smiling face as he lifts his fist up and yells - let the fun begin he seemed to be saying. His smile just lit up the room! My prayers go to the family and those who were lucky enough to know Stewie as he will be greatly missed.

“ I was very sad to read of Stewie's passing. He was such a trooper and always had a smile. Sue, you were a champion for his cause, and you always kept an upbeat attitude no matter the obstacles. Stewie will always be in my memories. My thoughts are with you all (Sue, Enzo and the girls).

“ I'm heartbroken to hear about Stewart's passing. I know he is free to run and play now but he will be greatly missed!! I have so many great memories with him over the years. Always a ready smile seldom complained. So patient with all us therapists trying to keep him moving. He was truly one amazing boy and he brought joy where ever he was!

My prayers are with you Sue and Enzo and the girls. You did an amazing job caring for him. Hold each other close as you as you grieve and remember Stewart. May Gods grace carry you through this valley!

Love and prayers

“ My sincere condolences to the whole family on Stew's passing. It made my heart very sad to hear this news. I loved my time with Stewie, and with Sue. Stew had an amazing family, but he truly had the best Mom ever. No one fought for Stew like you Sue, and your sense of humour and resilience during all of his struggles was truly amazing. My time spent with your family was short and not always in the best of circumstances, but there is always laughter and love in your house, no matter what! Stewie's legacy will live on here at Grandview, and he will be missed.

Love and laughter to you all at this very sad time in your lives,
