“ Hello junkyard [Terry] me and Terry were always chatting on msn on my lunch time giving me company and making fun to philippe...  
He was a great guy even if i knew him as a little then a year.  
Bro we miss you

“ Terry was an important person in my son and I life, he came into my life when I was having my own personal challenges and make life much easier to understand and cope w/lt. He was a loving person and had a heart of gold and would give you anything if he was able to . He will greatly missed and remembered for the truly great person I choose to remember him to be.
