

## Theodore Nicoloff - a.k.a. Walker Boone

January 29, 2021

May 4, 1944 – January 29, 2021

It is with heavy hearts and deep sadness that we announce the sudden and tragic passing of our beloved Theodore (Ted) Nicoloff on January 29, 2021.

Ted will always be remembered as a caring and supportive father to Jason and Larissa, proud grandfather(Dedo) to Savannah, loving partner to Vicki, brother, uncle and caring friend.

Ted's full life included: attending McGill Law School, teaching in London, England and Toronto, as well as, a successful acting career. Ted loved his farm and worked so hard to build and maintain it, so family and friends could enjoy.

We will think of Ted when we hear his favorite songs: Walk of Life by Dire Straits and Imagine by John Lennon. Ted would not want us to be sad but to remember the memories of all the goodtimes that we shared with each other and to celebrate life to the fullest as he always did.

May Ted rest in peace in God's loving hands and remain cherished in our Hearts and Prayers forever. We plan to have a gathering of family and close friends, when permitted, so we can share hugs, memories and love for Ted

truly enjoyed pulling people together and sharing a story or two.

“ It’s been 4 years Dad and not a single day goes by that I don’t think of you. We miss you very much. Every so often I hear your voice of encouragement and your many words of wisdom. I’m thankful to keep many of those words close to my heart.

We love you Dad.

Love your daughter Larissa and granddaughter Savannah.

*Hello, this may seem so random, I have been searching for your dad for years on and off with no avail until now. Tonight I logged on and searched for his name and this came up, when I read this "Ted" taught in London I knew it was him. I am so sad I could not message him and say I have never forgot the Canadian teacher who came and taught in London's East End about 1971 - 72 ish - I was about 7 - 8 years old. I had hoped to send him a message to say thank you, I have never forgot you from when I was an 8 year old kid. You taught us about Canada, baseball, hockey, Native Americans and we put on a play "Angry Arrow". I can recall you called me Karen-Ann (middle name) as there were three Karen's in the class.*

*I can clearly see Mr Nicoloff leaning back in a chair playing air guitar singing "Indiana Wants Me". I remember he took two kids to Canada when he left after teaching at our school John Scurr Juniors, Cephas Street, Stepney, London E.1 for a year with his wife Yoley?? I can remember getting news he and his wife had had a baby boy. We often talked about Mr Nicoloff as we got older, I am now nearly 59 and he still comes to mind.*

*I am sorry for your lost, and mine for not being able to say "Thank You Mr Nicoloff" - you were a breath of fresh air, so kind and loving to all us East End, Cockney kids, such a fantastic teacher. Condolences to you all... Karen Ferrigi, London*

“ I met Ted about 30 years ago while teaching at Danforth C. and T. Institute when he asked me "Where is the Drama Room?" Occasionally we would cross paths within the teaching profession. SATEC @W.A.Porter was another location where we worked and had opportunity to chat.

*He was unique, had many interesting stories, and spoke and understood the Slavic language! He could also print in the Cyrillic alphabet which was quite amazing! He had a knack for "knowing people". It was like a natural intuition which only a few people have!*

*He enjoyed his family and wanted to provide for them so they would be happy and feel secure.*

*He knew that being focused and working diligently would bring great results!*

*He was very proud of his achievements.*

*There was a positive, fresh vibe when he entered the room and people were happy to see him! He was modest and mindful! He was a great listener and also a great speaker.*

*He shared many stories about people, teaching, human rights and justice!*

*He was quite accomplished as a teacher, having achieved his Master's Degree at O.I.S.E., studying law, and he was a "natural" as an actor. He was truly "one of a kind".*

*He told me that "going to Hollywood was a dream he had". When he became successful he told me: "You can't let it get to your head".*

*He was modest, honest, intelligent and caring. He wanted to make a difference wherever he went! He strived to create a positive world within "our environment" that we could enjoy!*

*Ted had many talents and skills: helping people he knew in person, and affecting audiences who viewed him as an amazing actor in movies (especially Sci Fi, hockey, and the Earth movie) on the screen, as well as the voice on Cash Cab, and Mario!*

*He is missed and he will always be remembered for his bright positive personality and amazing charisma.*

*I know that he would want us to pass on "goodness" "kindness" and "doing the right thing" in this world! May we pass this hope and wisdom in our life to our children and people around us!*

“ I had no idea he had passed away until today...apparently it didn't go public until a few hours ago...

*I haven't watched the Super Mario Bros. 3 Show much myself when it first came out(and I'm still haven't watched as much as the Super Mario Bros. Super Show), but I know someone close to me who's a huge fan, and I've watched a few clips, and thought he was a decent actor, so we were all pretty saddened about it.*

*I know this isn't much, and I'm sorry for going the unscrupulous route for this, but it's what I do when a beloved actor or otherwise well known person passes away ❤️*

“ Hello I wanted to add my memories as my father's son.

*It has been over 40 days since my father's tragic passing.*

*It is still very surreal for me as I spoke to my Father January 28 morning and was expecting to speak the next day and so on and now to think he is unfortunately not with us.*

*I appreciate the kind words from family and friends. Thank you.*

*I have been thinking back of lots of great memories we shared. Fishing together , taking me to T-Ball at Birchmount, Tyke at East Toronto, my hockey games at Ted Reeve, MTHL as well as Malvern Collegiate games .*

*My father would drive me to every game, watch and cheer vocally for myself and our teams.*

*My father always provided for us as a family and gave us everything we required and much more as well as making sure we were always safe in the world.*

*My father got along with all of my friends in Toronto and Vancouver. My friends loved when Walker came to visit me in Vancouver. They would take us on their boats, dinners with Carla and all my friends. He had such a nice time and was relaxed .*

*I miss you SO much Dad. I miss talking to you almost daily about your knowledge of numerous topics if I needed a sounding board and input or the Leafs. :)*

*I wish you were still with us as I am at a loss not having you to talk to verbally and being my rock . I know you still have my back like you always did.*

*Rest in peace Dad, I will think of you many times daily.*

*I love you forever.*

*Your son,  
Jason Nicoloff.*

*Jason - I am offering my condolences. When I lived in Toronto and worked for TD I did your fathers banking and looked forward to his weekly visits - one time he came in offering to sell me mint condition crocodile boots. :) Loved hearing his stories and about his past experiences. Coincidentally, I am in Vancouver now with my family. He often discussed you and his travels to Vancouver with me. Feel free to reach out anytime 604-345-1704. Curtis Jag*

“ My daughter wrote a beautiful tribute to who Ted was to our family, he will be sorely missed at our family gatherings, Rest in Peace Ted.

*A horrible tragedy stole my Uncle Ted away from us. I still can't believe your gone. Its just not fair.*

*My uncle was truly one of a kind. When ever we had family get togethers/parties at the Doerr residence he would always know who brought the tunes to the party, he loved music and we always had a good time dancing or talking about my music choices for the occasion. Uncle Ted was always so interested in my life and the things I was doing so we always chatted in length when we saw each other about everything. I am truly going to miss having those conversations and seeing the smile on his face each time we talked.*

*My Uncle Ted lived an exciting life, between being an actor, TV shows and even many voice overs (he was one of the supermario voiceovers!!!) to travelling all over the world with my aunt, to being a Dedo which he absolutely adored. He was always one happy guy!*

*I am going to miss you so much Uncle Ted. Family gatherings or those random summer nights by the fire just won't be the same without you.*

*I love you & will never forget our memories we created. You will always & forever be in my heart. I promise I'll keep a close eye on Aunt Vicki for you*

*I hear Uncle Ted telling me "Meliss, don't be sad, live life to the fullest" and that is exactly what I intend to do.*

*Rest In Peace Uncle Ted , Love Melissa.*

“ To the Nicoloff family,  
I am so sorry for this sudden and tragic loss.  
Teddy and my dad (Dr. Stephen J. Cartan) were great friends growing up at Adam Beck. They played baseball together and as Teddy told me, they won a city baseball championship together. When high school came around, Teddy ended up going to Danforth Tech and my dad to Malvern. They lost touch for a number of years but Teddy tracked my dad down later in life and they reconnected and became very close again.  
My dad loved so much that they had found each other later on in life. My dad was on his own at that time and Teddy was really a great friend to him.  
Sadly, my dad died in April of 2020 and I cannot tell you how amazing the support I got from Teddy was. He called me and emailed me often to see how I was doing or just to tell me an old story he had remembered. What a guy. Teddy was supposed to come and see the head stone that has still not been erected for my dad.....sadly, I will never get to do that with him.  
All my thoughts and prayers to the family.  
Your friend,  
James Cartan

“ I have many fond memories of my Uncle Ted who was much more than an uncle to me throughout my childhood. He was a friend, a brother, a mentor, a teacher, a coach, and in many ways a [second] father to me.

*My earliest memories of him were staged the Bathroom Mirror at "108" where he would ensure that he would be the one to assure that my baby teeth were extracted under his direction at the very onset that they were barely loose, usually many days or even weeks before they needed to go...I'll save the rest of the details here for when we get together to celebrate his life...*

*Ted took me everywhere, Montreal, golfing, football games, to eat, to get ice cream, just to name a few....we played baseball and football etc. in the school yard across the road....*

*.... and when he "morphed" himself into a "builder/renovator" he taught me as he himself learned and provided me the confidence to attack similar type projects later on in life....plus I learned the vocabulary that went along with it...more stories to come when we all meet...*

*I could go on and on here, I miss him dearly and will forever...never forgotten*

*On behalf of Carole, Danielle, and Jamie, we want to extend our great sympathy and love especially to Jason and Larissa and to all of Ted's Family and Friends on his passing.*
