“ I have so many memories of Tommy, the way he looked at Dot, the way he would yell at Heath with a twinkle in his eye, the stats he would keep for his football and soccer, his love of books. But most of all, I remember how incredibly proud he was to be a Scot! You are missed more than you know.

I have only known Tommy for 8 years since I transferred into Legion branch 10. He would always be the first person I would see upon entering. I would say "Hello Tommy" and proceed to give him a "Crunchie" chocolate bar, which was both of our favourite chocolate bar. I miss Tommy very much but know that he has been reunited with Dot and those gone before him. Rest in peace, Tommy.
