“ I was feeling nostalgic today and decided to look up my favorite teachers to see what they're up to, and am just heartbroken now.

Mr. Mallory was my 8th grade teacher about ten years ago, and is still my most memorable and favorite teacher I have had. I remember every single class with him was positive, funny, goofy at times, but I have no memory of him ever having a single bad bone in his body... he was all around a great human-being and every student he had was like a son or daughter to him.

I wasn't the brightest student he had, but he always tried his best to get me on the right track and if he was still here I know he'd be proud to hear I graduated University and am on the path to success.

Mr. Mallory, you truly were a treasure. Your students will remember you forever.

“ I looked forward to Tim's smile, laughter and encouragement at every Toronto Community Orchestra rehearsal. As a clarinet player across the rehearsal room, I always knew I could count on an enthusiastic thumbs up from Tim after attempting a difficult passage! His kindness, positivity and support will be very fondly remembered. xo

“ Mr. Mallory taught me how to play the clarinet at Dalewood. I joined choir in both my years there and he always made it so much fun. I loved his music class and he is the reason I love music to this day. Rip Mr. Mallory! You will be missed!

“ I first met Tim working at McDonald's on Ontario St. He made me feel welcome with his infectious laugh and wonderful sense of humour. Seven years ago I got reacquainted with him at Dalewood. My son Aly attended there and enjoyed his grade seven choir experience and in grade eight learning to play the trumpet. Thankyou

“ I have known "Timbit" since 1967 when he came to Queen Mary School. He was a short and shy little guy until choir practice, when he opened his mouth and his powerful voice shook us all to the core. Lots of memories through high school, and chance meetings over the years, then we connected with Facebook and were "poking pals" reaching over 3000 pokes. We were supposed to continue to "infinity and beyond" and I never once thought that we couldn't do it. Shocked and saddened that you have left us, Maestro, but your song will play on in my heart.

“ I had the privilege of playing with Tim, as a teenager in the St. Catharines Junior Symphony, and recently in the Toronto Community Orchestra. What a kind, loving gentleman. I will miss his laugh and his smile of encouragement from the next row, during rehearsals. My deepest condolences to his family, he was much loved.

“ I first met Tim nearly 20 years ago when I became close friends with his daughter Jen. Tim was an amazing man. He was a loving husband, a great father, an awesome teacher and a wonderful friend to many. He always knew how to make you laugh or at least put a smile on your face. I always felt very welcome in his home. My thoughts and prayers go out to all the family and friends at this difficult time, Whenever I hear The Beatles I'll be thinking of you. I'm gonna miss ya Tim. Love Ali Baba.

“ I am deeply saddened by Tim's death and extend my deepest sympathy to Charles, Jennifer and the rest of his family. As musical friends during high school and first year at Mc Master we shared a lot of laughter and wonderful musical experiences. I am so grateful for the visit Rob and I had recently with Tim and Charles when they were in Kingston, a precious memory. RIP, Tim.

“ Mr. Mallory was my grade 7 home room teacher. I remember my last day of school in grade 7 he came up to me to say bye and said " So I decided I'm going to teach grade 8 next year, just so I can have you in my class again". He was SO kind, always a joyful man. The best was when it was homework time and he had a surround sound system in which he would play music while we worked. He will be missed, and to know how many students were positively affected by him ❤️

“ One of the best teachers and people to have come in to my life. I still think about his classes from time to time - especially wild 'parties' aimed at having his classes put together the choir sheets, dancing along to whatever music he played. A lot of Beatles tunes. Rip Mr. M!

“ I was literally just talking with my girlfriend the other day about grade 7's Beatles unit. I am so upset by this. I had so much fun talking with Mr. Mallory after school. One of my favourite teachers I ever had.

“ He was an amazing teacher. He made a huge change in my life. It was two terrible years going to Dalewood. I had to be transferred classes in grade 8 due to bullying. I chose his class. He saved my life. Something I always regretted not thanking him for.

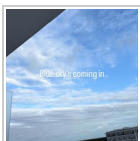

Natasha Henderson - March 07, 2017 at 11:51 AM

“ I had Mr. Mallory in grade 7 and 8 for music ('97/'98) and I still have great memories of his class! He was so passionate about teaching us and it was apparent in everything I remember about him. The best memory I have is when he had us create a music video to a Beatles song during our Beatles unit! He made everything so much fun :)

My thoughts and condolences are with his family and friends ... Rest in peace, Mr. Mallory!

“ Grade 7 was a very hard year for me. I was at a new school and I was the only student coming from a school that no one else was coming from. Music was my favorite class because Mr. Mallory always made me feel like it was worth me being there. He always praised me for doing a good job and he'd always ask me to get into things like choir and stuff. He made that year a lot easier for me to get through. You were a cool dude Mr. Mallory. :(

“ *Mr Mallory was the best music teacher I ever had. I took music with him both years and I continued my love of music in high school expanding my instrumental knowledge to include 6 different instruments - because of this man. My love of the Beatles started from signing them in his class over and over. He also had me play the piano for our grade 8 graduation accompanying our choir. He was a kind soul and a thoughtful person. He will be missed.*

He was the one who first introduced me to The Beatles and that will forever be my memory of him. I really wish I had a chance to see him after him teaching me. My condolences to his husband, daughter and entire family. Rest in Peace Mr Mallory!*

“ *Mr. Mallory could not have guessed how his music class and choir affected my life. His lessons introduced me to The Beatles and that alone is a debt I could never repay. From his classes, I enrolled in Music for every highschool semester and went on to learn the trumpet, trombone and french horn. Music class is where I met my first love, and made years of happy memories. Though that road has become a forked path, it was his subtle guidance that saw me there in the beginning. I owe such good memories of my life to him. Thank you sir, for all you have done. Thank you.*

“ *I have to truly thank Mr Mallory for instilling a love of classic rock, and his overwhelming enthusiasm for the Beatles.*

His joy of life was infectious, and he was such a source of comfort, stability and artistic discovery for many of us during our most awkward years in school.

Thank you for all you've done, Tim.

“ I was in Mr Mallory's grade 7&8 music classes. I was also apart of the choir both years.

“ Our sincerest condolences to Tim's family. When I think of Tim, the word unique comes to mind. Perhaps his love of music was what inspired him to 'walk to the beat of his own drum' which he has always done and which I admired him for. Tim, there is a lot of people saddened by your passing and honoured to have known you during the short time you had on this earth. RIP my friend!
