“ I only met Tristin in the summer but we clicked immediately. She was so spontaneous, and fun. Her laugh could light up a whole room. She loved her son with every bit of her even though she was struggling. Every time we would talk it was about Jaxson and how he is so smart and how much she loves him. I remember how obsessed she was with Chocolate milk and Pepsi I smile just thinking about it. She was a very sweet girl, & I believe with all my heart she is in a better place. I love you Tristin & I miss you so much. My condolences go out to Jaxson & family. I'm so sorry for your loss. Love Hannah, Shawn & Cayden

“ *This is the sweet girl I remember. Fiesty, independent and uniquely herself. My family has been thinking a lot about Tristen these past few days. During dinner we talked of a night we all remembered collectively when the two family's played rock band all night. She was so fun and goofy. That is a night that has never left us and never will. Rest In Peace Tristin. Thoughts and condolence's for everyone who loved this beautiful soul.*

“ I recall a younger Tristin sitting in the office at Wendy's waiting for her mom listening to the song Fergalicious over and over again because she liked it so much and lucky for me I like the song too....I can still picture her singing along to it with me joining in with her...to this day I think of her when I play that song on my iPod....you will be missed...rest in peace sweetheart😭
