“ I will surely miss listening to Victor's tales in that beautiful accent of his. A kind and wonderful gentleman, that was my pleasure to care for.

To you Marina, my deepest condolences. What a wonderful life you and Victor shared for so many years and even in his times of illness.

Every day when caring for him, he would always ask me "Where's Mommy"

He deeply loved you and his daughters.

All my love to you and your family.
