Celebrating life : Jan 25 1939 – Nov 4th 2016

Dear Papa Walter,

You gave life to a wonderful family, and for that we want to thank you.

And though the times were challenging, you made it through. You devoted the last few years to be there for those who saw you with new eyes, your grandkids, taking them to the park, making sure they ate, had their bath and every night making sure they were covered well and snug. You enjoyed being the grandfather they could turn to, feeding little Jillian even from a year old..

Towards the end though physically draining, you plodded on in quite conviction, determined to give nothing but the best. We know as we lay your body to rest and that you will always smilingly look upon us and bless us.
