

William Steven Palmer

April 6, 2022

It is with a heavy and broken heart that we announce the passing of William Steven Palmer. The most gentle and patient man and father to both Korrina and Kristina. William had been battling stage 3 lung cancer and although his treatment had come to an end, the cancer spread and later ruptured, causing a quick and sudden passing. William was the perfect husband to Dianne Baldwin who passed away only 2 weeks ago with Dementia. William gave all of his love and attention to Dianne, making sure she was comfortable until the end. The family finds comfort in knowing they are now reunited. Friends and family agree, the pair shared a love so deep, William just couldn't live without her. May he rest in paradise with his beloved soulmate.
