“ Another year without you mom. A day does not pass that I do not think of you. Despite the sorrow and pain of losing you, I am content to know that you are at peace.

“ Mom, we just passed the 1st year since you went to be with the Lord. I could not bring myself to visit this page until this morning. My heart is heavy with the pain of missing you and not being able to hear your voice. I trust that I did right by you, and if I fell short, I beg your forgiveness. I hope your are at peace.

Your loving Son.

“ *To: Raymond and Family,*

When I heard the sad news that your Mom had passed, couldn't hold back the tears. I knew her health was failing but didn't realize that she was close to God's Heaven. I'm saddened to hear of her passing but she will be in better hands and no longer in suffering. I will always remember her with good health and a strong woman.

Wishing you and your family comfort and peace at this sad time. Please keep in touch.

*Take care,
Rosalind Gaskin*

“ *"To live in the hearts of those you leave behind is not to die". Dear Winsley will always be in our hearts and minds. We will remember that spontaneous smile and positive attitude. She was a wonderful person - beautiful inside and out - kind, loving, gentle and our fond memories give us solace. St. Francis of Assisi said "it is in dying that we are born to eternal life". Winsley has been born to eternal life. May she be blessed with eternal peace. Raymond, my niece Saleema, Frannie and the rest of the family - may God embrace you during this difficult time, we share your pain. Love always from Ameena, Marc and Rehman Majeed and the entire family - my sisters Fareeda, Jamila, Fameena, my nieces Meena and others, my nephews Farook and others.*

“ Winsley, you always reminded me that somehow I knew when you were frying fish, somehow I used to turn up. For me, no one could fry fish like you Wins. Rest in peace and rise in glory.

“ I miss you so much Nana, I always knew this day would come but I never imagined a world without you. That makes this so much harder. I'm so grateful we had a last moment together before the Lord decided it was your time. I was the only person in the hospital room you recognized, you held my hand the entire time I was with you and wouldn't let go. You told me how much you love me and I told you I loved you back. not everyone gets to have moments like that before there's not another chance, I can only thank you for giving me that piece of mind and I can only thank God for giving you the peace you deserve. You were my one and only grandparent, and you lived up to the role like no other. I love you with all my heart and I will keep trying my best to make you proud while you watch me from above. Rest in peace Nana.

PS: thank you so much to our family who has shown my dad such amazing support, you have no idea how much he needed it, I love and appreciate you all for being in our lives.

“ *Raymond and Family, My heart hurts for you. Your Mom was a gentle and sweet soul. She was always so kind to me and the girls and her laugh (and sense of humour) was infectious!. I remember, in Barbados, how excited she was to share her little patio, packed with plants that she carefully and lovingly nurtured. She loved her family and was very proud of you. Rest in peace.*
